

PRINCE2 AGILE®

PRINCE2 AGILE® IS AN EXTENSION MODULE TAILORED FOR FORWARD-THINKING ORGANISATIONS AND INDIVIDUALS ALREADY BENEFITING FROM PRINCE2®.

WHAT IS PRINCE2 AGILE®?

PRINCE2 Agile® is a solution combining the flexibility and responsiveness of Agile with the clearly defined framework of PRINCE2®. PRINCE2 Agile® framework covers a wide range of agile concepts, including SCRUM, Kanban and Lean Startup.

LEARN HOW TO:

- ✓ Map the common Agile roles to the PRINCE2® project management team structure
- ✓ Incorporate the fundamental Agile behaviours, concepts and techniques into PRINCE2®
- ✓ Tailor the integrated set of PRINCE2® principles, themes and processes
- ✓ Produce the PRINCE2® management products

- MOBILE
- ONLINE
- IN-HOUSE
- CLASSROOM

WHAT ARE THE BENEFITS OF THE PRINCE2 AGILE® QUALIFICATION?

For the individual

You will gain an improved position in the job market and career progression within project and programme management. You will also receive an international qualification which demonstrates your ability to apply best practice approaches to managing any and every kind of project. It will demonstrate your flexibility to work with both ever-evolving solutions and those that are clearly defined in detail. PRINCE2 Agile® will earn you 15 continuing professional development (CPD) points towards a professional membership.

For the organisation

Agile methods allow organisations to realise the benefits of products and potentially provide an earlier return on investment whilst products are being developed and improved. Common terminology will aid communication across the organisation. It will provide a clear definition of how Agile can govern a project's delivery, whilst PRINCE2® governs the project as a whole.
