AgilePM CERTIFICATION

AgilePM training courses introduce participants to the fundamentals of agile project management, exploring the details of the AgilePM framework, and how to apply it effectively for successful agile projects.

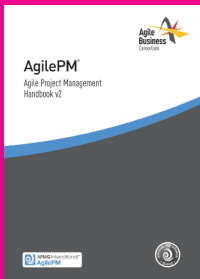

What is the AgilePM Certification?

Businesses all over the world are realising the benefits of adopting Agile project management within their organizations.

Agile's influence on the project management industry continues to rise at pace. More organizations and project professionals than ever are embracing agile tools and frameworks as they aim to increase the success of – and return on investment from – projects and other change initiatives.

AgilePM training is underpinned by the AgilePM Handbook which details the AgilePM framework. Developed by the Agile Business Consortium, the framework offers a practical and repeatable methodology that achieves an ideal balance between the standards, rigour, and visibility required for good project management, and the fast-pace, change and empowerment provided by Agile.

A certified Agile Project Manager will have the right skills, mindset and behaviours to achieve great results and can be a huge asset to any business. Plus, individuals who work in Agile companies report better job satisfaction and project success thanks to this positive and proven approach.

The Agile Project Management Handbook

Flexible Study Options

Study online

- Study at your own pace on our dedicated Learning Platform
- Access the course and exam anywhere, anytime
- Engaging and expert content

You can study our course online at your own pace from anywhere in the world via our dedicated Learning Platform.

Designed by skilled animators and the most knowledgeable script writers, our online courses are incredibly engaging and use a mix of audio, film, animation, pictures and diagrams; this ensures they are suitable for all types of learners.

Quality online learning is at the heart of what we do, so when you study a Training ByteSize course you can be assured of a tried and tested quality product.

Study in a virtual classroom

- Teaching in the comfort of your home or office
- Ask questions to our trainers throughout the training using a webcam or headset
- Expert trainers
- Access training and take your exam anytime, anywhere

Our Virtual Course platform delivers accredited and certified training, led by leading subject matter experts, direct to your home, mobile, computer or office without the hassle of travelling or staying away. It is so easy to fit in an online class into your busy schedule; simply log in from home, the office, or even while you are travelling.

Students can ask questions using a headset, webcam, or a chat window, and have their questions answered, just like in a traditional classroom. Questions can be lined up and answered at intervals without interrupting the teacher's flow of thought. There is no difference in the level of interaction – in fact, distractions are significantly reduced because of this way of teaching.

If you have a group to train, we have a structured programme in place to ensure everyone gets the most out of the course. We offer a managed service where we can provide regular reports on learners' progress and share quiz results to ensure only those that are ready are put forward for the exam.

We have been working with Training ByteSize for a few years now. From day one the service that they have given us and me personally is second-to-none.

They have a very professional attitude and are extremely adaptable to any of your own business requirements. All their trainers are very knowledgeable, very approachable and go out their way to explain everything.

All in all a fantastic service from a family-run business.
