PRINCE2® AGILE
CERTIFICATION

PRINCE2 AGILE®

PRINCE2® Agile is about using a combination of the PRINCE2® method and the flexibility of Agile in the right places, blending them together until you have the perfect balance to maximize the benefits to your organization.

Why PRINCE2 Agile Certification?

PRINCE2 Agile® is one of the most complete Agile Project Management solutions available. It combines the flexibility and responsiveness of Agile with the clearly defined framework of PRINCE2®, which is used by over 1 million practitioners in more than 150 countries across the globe.

As a "best practice" framework for project management, PRINCE2 is an easy-to-tailor, proven solution that can be applied to any project regardless of scale, type, organization, geography or culture. As Agile grows ever more popular, organizations of all sizes in every industry around the world continue to adapt and change

PRINCE2 Agile certification will empower you with the knowledge and skills to blend Agile principles and practices (e.g. Lean, Kanban, Scrum) with the well-defined governance framework of PRINCE2 to ensure that you are maximizing the benefits of best practice in all projects that you design and deliver.

PRINCE2 Agile®

KEY TEXT : PRINCE2 Agile – The Official Handbook

The PRINCE2 Agile Guide provides forward-thinking organizations and individuals with comprehensive guidance on how to apply Agile techniques and tools in PRINCE2 environments. As a practical guide, it provides specific guidance on how to make the most of the compatibility between PRINCE2 and Agile as well as an understanding of the skills required to blend to two effectively on a day-to-day basis

The PRINCE2 Agile e-book is included with our PRINCE2 Agile Foundation course, and hard copies are available to purchase.

## Some of the Benefits of PRINCE2 Agile Certification

Individual:

- Demonstrates that you have gathered the knowledge required to work in a PRINCE2 environment while understanding and implementing Agile principles and practices.
- A globally-recognized standard, PRINCE2 Agile improves your employability and career prospects, wherever you are.
- With its well-defined and scalable framework, PRINCE2 can help you to improve project success and delivery.

Organizational:

- PRINCE2 Agile is a flexible and scalable framework that can be applied to all types of projects, by combining with Agile principles and practices, reduce ROI time and increase quality.
- As a standardized approach, it saves time and resources while facilitating stakeholder involvement at every level and time throughout the project.
- Improve productivity by clarifying staff roles and responsibilities.
- A high-quality solution for professional development.

PRINCE2® AGILE
FOUNDATION

PRINCE2 Agile Foundation provides the fundamentals of the PRINCE2 method and how it blends with Agile ways of working, covering PRINCE2 governance requirements, agile concepts and techniques, and the interface between them.

What does the PRINCE2 Agile Foundation Certification Cover?

The PRINCE2 Agile Foundation Certification provides a solid grounding in the philosophy and principles of the PRINCE2 framework, the principles of Agile, and how they blend together within an Agile project environment.

This lays the foundations for consolidating learning, building understanding, and moving on to the PRINCE2 Practitioner Certification.

Learning Outcomes

Successful candidates will have a solid grounding in PRINCE2 and Agile principles and practices. More specifically, they will be able to:

- ✓ Understand key concepts relating to projects and PRINCE2.

- ✓ Understand key concepts relating to projects and PRINCE2 Agile

- ✓ Understand how PRINCE2 principles, themes, processes and management products are tailored and/or applied in an agile context

- ✓ Understand the agile ways of working, key terms and techniques.

- ✓ Understand the focus areas in an agile context

Who is the PRINCE2 Agile Foundation Certification for?

PRINCE2 Agile Foundation is suitable for anyone who is a part of the design and delivery of projects, no matter the size, in an agile context. It is a valuable certification for anyone working within an agile project environment, so whether you are a project manager, project support, or part of the wider project team, PRINCE2 Agile is suitable for you.

PRINCE2® AGILE
PRACTITIONER

PRINCE2 AGILE ®

The PRINCE2 Agile Practitioner certificate helps you to deliver agile projects by tailoring PRINCE2 alongside a broad set of agile delivery tools. Practitioner takes the knowledge acquired at Foundation level and applies it to the workplace with real-world examples.

Learning Outcomes

In addition to demonstrating the competencies required at Foundation Level, candidates are required to show that they are able to tailor and apply PRINCE2 and Agile methods to address the needs and problems of Agile project scenarios.

More specifically, successful candidates will be able to:

- ✓ Understand the basic concepts of common agile ways of working

- ✓ Understand the purpose and context for combining PRINCE2® and the agile way of working

- ✓ Apply and evaluate the focus areas to a project in an agile context

- ✓ Fix and flex the six aspects of a project in an agile context

- ✓ Be able to apply or tailor the PRINCE2 principles, themes, processes and management products to a project in an agile context

Who is the PRINCE2 Practitioner Certification for?

PRINCE2 Agile Practitioner is aimed at professionals who work within a project environment, including key staff involved with integrating project management with product delivery. As well as being indispensible for project managers, an understanding of the agile concepts detailed in PRINCE2 Agile will also benefit those with governance responsibilities for projects using agile delivery approaches.

Flexible Study Options

Study online

- Study at your own pace on our dedicated Learning Platform
- Access the course and exam anywhere, anytime
- Engaging and expert content

You can study our course online at your own pace from anywhere in the world via our dedicated Learning Platform.

Designed by skilled animators and the most knowledgeable script writers, our online courses are incredibly engaging and use a mix of audio, film, animation, pictures and diagrams; this ensures they are suitable for all types of learners.

Quality online learning is at the heart of what we do, so when you study a Training ByteSize course you can be assured of a tried and tested quality product.

Study in a virtual classroom

- Teaching in the comfort of your home or office
- Ask questions to our trainers throughout the training using a webcam or headset
- Expert trainers
- Access training and take your exam anytime, anywhere

Our Virtual Course platform delivers accredited and certified training, led by leading subject matter experts, direct to your home, mobile, computer or office without the hassle of travelling or staying away. It is so easy to fit in an online class into your busy schedule; simply log in from home, the office, or even while you are travelling.

Students can ask questions using a headset, webcam, or a chat window, and have their questions answered, just like in a traditional classroom. Questions can be lined up and answered at intervals without interrupting the teacher's flow of thought. There is no difference in the level of interaction – in fact, distractions are significantly reduced because of this way of teaching.

If you have a group to train, we have a structured programme in place to ensure everyone gets the most out of the course. We offer a managed service where we can provide regular reports on learners' progress and share quiz results to ensure only those that are ready are put forward for the exam.

We have been working with Training ByteSize for a few years now. From day one the service that they have given us and me personally is second-to-none.

They have a very professional attitude and are extremely adaptable to any of your own business requirements. All their trainers are very knowledgeable, very approachable and go out their way to explain everything.

All in all a fantastic service from a family-run business.   John Sims, Rolls Royce

Study onsite

- Bespoke training option
- Cost effective learning for groups
- Save time and money on travel expenses - we come to you
- Access to some of the best trainers in the industry
- Pre-course learning materials
- Telephone and email support

If you are looking to train a team of people, you will find that our onsite training is a viable and cost effective option for you. You will also find you save money through the omission of travel, accommodation, and dinner expenses.

If you have a training room onsite you are more than welcome to take advantage of that. Or if you prefer, we could organise the project management training at a local venue, giving delegates a fresh learning environment.

Our trainers have a minimum of 10 years training experience, and with extensive experience in running and managing live projects, they have the real-life experience to bring the training to life and ensure that learners gain applicable knowledge.

Contact our expert team of learning advisors for a tailored quote and to find out more.

Fully Accredited Training, Globally Recognised

PRINCE2 AGILE®
ACCREDITED TRAINING ORGANIZATION
PeopleCert ON BEHALF OF AXELOS

About Us

At Training ByteSize, we are experts in delivering accredited project, programme and IT service management training through a range of study styles. With **over 30 years' experience** in the industry, your success is key to our success.

We understand how people learn, we know how to train people to pass their exams, and we employ the best trainers and specialise in small class sizes to help you get the best from your investment.

We are very proud to boast an almost 100% pass rate in our exams and we are delighted with our five star reviews from individual learners to international corporate clients alike. So as a business that is looking to enhance change management skills and knowledge of staff at all levels across the company, and ensure everyone passes their exam first time, we believe **Training ByteSize is a name you can trust**.

We thrive on providing a reliable service to customers and we are proud to maintain an exceptional renewal rate with our corporate clients. Perhaps one of the biggest reasons for this success is our bespoke approach; we provide the training in the exact way you want it, whether that is on-site, online, virtual, classroom-based or a combination of these. As a family-run business we are small enough to care, but big enough to support clients from start to finish in the way they would like to learn.

All our trainers are experienced project and change managers before becoming accredited trainers. They each bring a wealth of experience to the classroom with a minimum of 15 years practical experience and 10 years training experience.

Wherever in the world you are, we are here to help. We can carry out a comprehensive analysis of your business to accurately identify gaps in skills and knowledge, and tailor packages to meet your exact requirements. Please speak to our friendly team of experts today to find out how we can help.
