PROFESSIONAL SCRUM MASTER LEVEL 1 (PSM 1)

THIS AGILE SCRUM COURSE IS RELEVANT FOR ANYONE WHO WOULD LIKE TO PROGRESS TOWARDS SCRUM MASTER, AND FOR TEAM MEMBERS WORKING IN A SCRUM ENVIRONMENT.

Training Byte Size Ltd have been working with Agile for many years, and have established a broad base of blue chip clients across the UK, Europe, Australia and New Zealand. We have expanded our expertise from Agile Project Management into Agile and Scrum practices, and offer a range of training and consultancy solutions, both in the classroom and through online courses.

Accredited by the APMG for delivery of Agile training, we meet and exceed the high standards of the APMG group, and are a leading training organisation in the fast growing world of Agile.

This Agile Scrum course is relevant for anyone who would like to progress towards Scrum Master, and for team members working in a Scrum environment. The course will give a solid grounding in Scrum, its core principles, and how to best apply it.

Our approach to Scrum training uses group discussion combined with practical hands on exercises and case studies, to help build knowledge and prepare for the Professional Scrum Master 1 exam.
