Praxis Framework™

Praxis is a free, community driven framework which can help you and your organisation realise the intended benefits of projects, programmes and portfolios – keeping stakeholders happy.

WHAT IS THE PRAXIS FRAMEWORK QUALIFICATION?

The Praxis Framework™ is a combination of four types of best practice guidance; Knowledge, Method, Competency and Capability and is the first framework to integrate projects, programmes and portfolios in a single guide.

THE PRAXIS FRAMEWORK WILL CERTIFY YOUR ABILITY TO:

- ✓ Deliver projects and programmes successfully using an innovative framework.

- ✓ Understand projects and programmes functions plus the processes and documentation used to manage lifecycle phases.

- ✓ Develop and maintain an effective project delivery infrastructure in a decreased timescale.

- ✓ Apply and tailor the Praxis Framework to your organisation.

- ✓ Understand the similarities and differences between Praxis and other prominent frameworks; PRINCE2 and MSP – as well as the APM qualifications, PFQ and PMQ.

- ✓ As the entire framework is openly available on the internet, you are empowered to undertake continual professional development whenever needed.

- ✓ Achieve absolute optimisation in projects and programmes delivery.

THE MOST COMPREHENSIVE FRAMEWORK IN THE MARKET

There are numerous best practice guides available, but none that look at all theare as needed to effectively deliver a project, programme or portfolio - Knowledge, Method, Competency and Capability.

Praxis encompasses all the elements needed for successful delivery, all in one framework.

TARGET AUDIENCE

The certifications are designed for all current and aspiring project and programme managers. If currently using a framework, candidates will find the courses valuable as Praxis builds on existing best practice. Those undertaking their first formal training will gain all the knowledge needed to be a modern-day project or programme manager.

PRAXIS CERTIFICATIONS

Foundation

Praxis Foundation equips you with an understanding of project and programme functions and the processes and documentation used to manage lifecycle phases. Foundation enables you to work effectively as part of any project or programme management team. It is a pre-requisite for the Practitioner certification.

Practitioner

Praxis Practitioner builds on the understanding developed at Foundation level, providing you with the knowledge to apply and tailor Praxis to your organisation's projects and programmes.

Bridging Course

The Bridging Course is for those who have previously undertaken training and would prefer to use a more integrated framework going forward. The course covers the similarities and differences between Praxis and other prominent frameworks; PRINCE2® and MSP® - as well as the APM qualifications, PFQ and PMQ.
